Forward

This document details the framework for effective governance at Bright Futures Educational Trust (Bright Futures). By Bright Futures we mean all of the academies within the Trust, along with the executive team and central teams that support these academies.

The Board of Trustees is the accountable authority as defined in the Articles of Association. However, some oversight, monitoring and decision making is delegated through the frameworks described in this document.

The Chair of the Board of Trustees and the Chief Executive Officer have approved this 2022 updated delegation framework as the appropriate approach to governance for Bright Futures.

Dan Rubin

On behalf of the Board of Trustees

John Wm Stephens

Chief Executive Officer

The Governance Structure

1. Members

The Members of the Trust are the signatories to the Trust's Memorandum and Articles of Association and are responsible for approving any amendments to the Articles. Members have a distinct but limited role. It is, however, an incredibly important one. In summary, the role of Members is to act as the 'guardian' for the effective operation of the Trust assuring themselves that the Board is exercising effective leadership and governance of the organisation.

Members appoint Trustees and are also able to remove Trustees if they fail to fulfil their duties properly. Whilst Members can also be Trustees, Bright Futures is mindful of the DfE's guidance contained within their Governance Handbook (October 2020) that robust governance structures will have a significant degree of distinction between the Members and the Trustees. As such, only one Member can be appointed as a Trustee and sit on the Board of Trustees.

2. Trustees

The Board of Trustees sets the vision and strategic direction of the Trust and is the accountable body. It may delegate some of its responsibilities to executive leaders or committees, which includes local governing bodies. In doing so it holds these executive leaders and committees to account. The Board of Trustees also oversees the financial performance of the Trust and ensures that public money is well spent.

3. Board Committees

The Board of Trustees has established two committees, with delegated authorities as follows:

The Audit & Risk Committee oversees financial reporting, internal controls and risk management systems, compliance and internal and external audits.

The Remuneration Committee leads on any recruitment and selection process for the Chief Executive Officer (CEO) post, conducts the appraisal of the CEO and determines the remuneration for the CEO, the Chief Operating Officer (COO), the Director of Education and the Director of Development , Partnerships & Teaching Schools Hubs .

The detailed responsibilities of both of these Committees are set out in their Terms of Reference.

4. Chief Executive Officer

The CEO is appointed as the Accounting Officer for the Trust to carry out the duties as outlined within the Academies Financial Handbook, including an accountability for the proper stewardship of public funds, regularity and propriety.

The CEO also has the delegated responsibility for operational leadership and management of the Trust.

5. Principal/Head of School

The Principal or Head of School is responsible for the day-to-day running of their academy. They bring regular reports to the school's Local Governing Body (LGB) on the overall performance of the school, progress of pupils and any other matters delegated to them. See the LGB handbook for further information.

6. Executive Team

The Executive team comprises the Chief Executive Officer, the Chief Operating Officer, the Director of Education, the Director of Development, Partnerships & Teaching Schools Hubs and the Director of Human Resources and Strategy. They operate as a collective governance body as defined in the Executive Team Meeting terms of reference. In addition, they have individual responsibilities as defined in this document and/or their job description.

7. Local Governing Bodies (LGBs)

The responsibilities of the LGBs are set out in detail within their terms of reference. In summary their main responsibility is to provide scrutiny of the delivery of the School Development Plans, to ensure the academy is working within agreed financial budgets, to monitor the academy is working within agreed policies and help the Academy to engage with all stakeholders. The LGB should also provide strong support and challenge to the academy leadership team. The LGB handbook, which includes its terms of reference provides the detail.

Responsibilities and powers delegated to the LGB may be further delegated to a sub-committee or to the Principal/Head of School as appropriate. See the detail in the delegated responsibilities section below and in the Local governing body handbook or Bright Futures' Financial handbook.

The relationship between all of the elements of the governance structure is one of partnership, collaboration and accountability.

All elements, including the discharge of accountabilities associated with specific roles and bodies, work together in support of delivering the Bright Futures Strategy, which includes its vision: The best *for* everyone, the best *from* everyone.
